## Funeral Services For F. B. Rolfson

Funeral services over the remains of F. B. Rolfson, who passed away Friday night last at midnight, were held in the 2nd Ward Church Wednesday, Sept. 10th at 2 p.m. with Bishop L. L. Palmer in charge. The Choir was directed by Jos. McLenn, with Mrs. Emma Dahl at the organ, and the following hymns and special numbers were rendered: "Oh My Father," "Truth Reflects Upon Our Senses" and "I Need Thee Every Hour." Mesdames T. T. Mendenhall and J. Golden Snow sang "Whispering Hope" and Jos. McLenn sang "Goin' Home."

The opening prayer was by William Anderson, the benediction by Clarence Allred and the grave was dedicated by Jas. S. Anderson.

Elder J. W. Evans, President of the High Priests Quorum was the first speaker and he compared the sufferings of deceased with those of Job in the Bible, and said that in it all he did not find fault nor complain. He gave a biographical sketch of deceased and family. F. B. Rolfson was born in American Fork where he grew up and in 1898 he married Miss Emily Phillips in the Salt Lake Temple. They are the parents of eight children, four boys and four girls, and all were present at the funeral except Ray and Orilla, who live in Salt Lake. Mrs. E. B. Hicks sister of deceased, is the only member of this family now living. Deceased filled a mission to the Southern States, sent three of his boys on missions, and served for many years in the High Council of the Stake.

As a contractor and builder, and architect he built the first house in Raymond and drew the plans for the Alberta Stake Tabernacle, the Raymond Opera House, ward chapels in Taber, Stirling, Welling, Hill Spring, Raymond 2nd Ward the Raymond Town Hall, the local Public School and also Central School in Lethbridge. These will long stand as monument to the skill and workmanship of deceased.

Elder T.O. King, the second speaker had known deceased for 39 years when they met in the old Raymond meeting house which was a sort of refuge camp for pioneers. F. B. Rolfson had at one time taught school and had taught in church classes and was always dependable and faithful to every trust.

Elder Fred Piepgrass had known deceased and the family since 1901 when they first met in Cardston, and had always appreciated the fine qualities of the husband and wife and had watched the development of the children with a great deal of pride and satisfaction.

Bishop Palmer was at the bedside when Bro. Rolfson passed away and he was sure that he was happy in the spirit world and that his patience in suffering and his good works would have earned a great reward for him. He thanked all, on behalf of the family for their assistance and help during the long illness and the death of deceased.

The hall was filled with floral tributes to deceased and a large cortege followed the remains to the cemetery where interment was made. We extend our sympathy to the wife and children in their sorrow.

... — "V" for Victory, Fly it where everyone can see it.

## RECRUITING OFFICER TO BE HERE SEPTEMBER 24

### RECRUITS WILL BE ALLOWED LEAVE OF ABSENCE TO COMPLETE HARVESTING

Major Jenkins will visit this district on a recruiting trip which will include the following points:

Pincher Creek, Sept. 15th; Cowley and Lundbreck Sept. 16; Bellevue Sept. 17th; Coleman Sept. 18th; Blairmore Sept. 19; Pincher Creek, Sept. 20th; Pincher Creek and District Sept. 21; Cardston, Sept. 22nd and 23rd; Magrath and Raymond Sept. 24th; Return to Calgary Sept. 25th.

Men are required for all branches of the service and suitable recruits will be posted to units immediately. Friends may arrange to be posted to the same unit. Men who are willing to join the army but who wish to complete harvesting first, may enlist now and be given leave of absence until harvesting is over.

Full information may be obtained from Major Jenkins during his visit.

All men of military age who are ready to take an active part for freedom in Canada's army, with its promise of a healthy life and good living conditions, its opportunities for training, for specialist's pay for comradeship and recreation, should get in touch with Major Jenkins.

## WEDDING BELLS

### THOMPSON — BROWN

Holy Trinity Anglican church in Edmonton was the scene of an important wedding of the early autumn season on Tuesday evening when Miss Emily Brown, daughter of Mr. and Mrs. John Brown of Edmonton was married to Mr. Robert Wallace Thompson of the Bank of Montreal staff in Raymond, eldest son of Mr. P. S. Thompson of Edmonton and the late Mrs. Thompson. Canon G. G. Reynolds, rector of the church, performed the ceremony. He was assisted by Rev. N.J. Godkin.

Autumn flowers were arranged with taste thru the church for the ceremony.

The bride who was given in marriage by her father was lovely in a light grey-blue, two-piece dress in rabbit's wool and smart draped pompadour beret to match. Her flowers were a corsage of sweet-heart roses and white gladioli.

Miss Margo Thompson sister of the bridegroom, was bridesmaid. She wore a wool frock becoming Indian Summer gold with matching beret. Her flowers were gladioli and blue cornflowers worn on corsage.

Mr. Henry M. Dunlap was groomsmen. Following the ceremony a reception was held at the Corona Hotel.

Mr. and Mrs. Thompson will reside at Raymond.

—Lethbridge Herald.

al tributes to deceased and a large cortege followed the remains to the cemetery where interment was made. We extend our sympathy to the wife and children in their sorrow.

## Quarterly Conference Last Week

Quarterly Conference of the Taylor Stake of Zion convened last Thursday and Friday evening with Elder Stephen L. Richards representing the General authorities of the Church, and Stake Pres. T. Geo. Wood conducting the meetings.

The Thursday evening meeting was devoted largely to the presentation of the sacred cantata "Moroni the Solitary Scribe," written by Bishop C. Frank Steele of Lethbridge and music composed by C. F. Tolstrup, who has been closely identified with the musical activities of Raymond for 30 years. After welcoming the members to Conference and speaking of the splendid prospects we had and expressing his joy for the opportunity of serving in the Church, he called on Elders Farrel Nelson and Alfred Zaugg, recently returned from the mission field to report their labors and bear their testimonies.

Elder Richards complimented the people of the Taylor Stake and Raymond First Ward on the splendid building which was completed and paid for. He said the people of the Church were proving their faith by the payment of their tithes and offerings because these funds were larger today than they had ever been. Tithing is a real test of faith, but if a person wants to be happy let him pay his one-tenth, and then he can call down the blessings of the Lord upon him and his house hold feeling that he has a right to receive them, having obeyed the law. The man who obeys this law will grow temporally and spiritually. Speaking of missionary work Bro. Richards said that missionaries were needed in every mission of the Church, and he urged those who could to either go themselves, or send their sons and daughters into the mission field to spread this work. No better investment could be made for any young man or young woman, and no joy transcends the joy of the missionary who engages in this work and puts his heart and soul into it. Experience has proven this in thousands of cases, he reported Pres. Grant as improving gradually after his serious illness and stated that members of the Church were very happy over this. Speaking of service in the Church he made this significant statement: "We can all render service, because we can all live the Gospel and set an example that will cause others to respect and investigate the Gospel." Righteousness will prevail because God is greater than Satan or the emissaries of Satan and oppression and wickedness cannot win.

The General Church and Stake authorities were present for vote by Stake Clerk I. B. Roberts.

The concluding part of the program was the presentation of the cantata. Assisting as orchestra were Geo. Brown Sr. and Gordon Henderson of Lethbridge on the violin and cello respectively, Paul H. Redd on the trumpet and Mrs. Wiggill on the piano. H. Myron Holmes was reader, and soloists were Mrs. Emma Burr, Jos. McLenn and Delbert Oler.

The cantata told a beautiful story of the last years of Nephi's story when wickedness prevailed amongst the people, and because of wars Moroni was left the solitary member of his nation to record the utter destruction of his people and to hide away the records until their time to come forth to testify again to the world. The musical introduction and interludes carried the story from one dramatic sequence to another in a lovely manner, and the fifty minutes passed quickly and were enjoyed by all. Paintings for the setting were painted by Ernest Reithman, local artist, and stage decorations lights and tableaux were organized and looked after by Mesdames Marion Brandley and A. Hudson. Mr. Tolstrup and those assisting are certainly to be commended for the fine presentation.

## FRIDAY EVENING

Friday evening was the Priesthood session of the Conference, and Elder Walter Miller recent appointed President of the new Western Canadian Mission with headquarters in Edmonton was present and expressed his pleasure at his appointment and asked the faith and prayers of the people in the carrying on of his work. He had been set apart that afternoon by Elder Richards for his work.

The Responsibility of a Quorum to its members, was treated in its various phases by Elders J. W. Evans, O. H. Snow and to receive them, having obeyed the law. The man who obeys this law will grow temporally and spiritually. Speaking of missionary work Bro. Richards said that missionaries were needed in every mission of the Church, and he urged those who could to either go themselves, or send their sons and daughters into the mission field to spread this work. No better investment could be made for any young man or young woman, and no joy transcends the joy of the missionary who engages in this work and puts his heart and soul into it. Experience has proven this in thousands of cases, he reported Pres. Grant as improving gradually after his serious illness and stated that members of the Church were very happy over this. Speaking of service in the Church he made this significant statement: "We can all render service, because we can all live the Gospel and set an example that will cause others to respect and investigate the Gospel." Righteousness will prevail because God is greater than Satan or the emissaries of Satan and oppression and wickedness cannot win.

The General Church and Stake authorities were present for vote by Stake Clerk I. B. Roberts.

The concluding part of the program was the presentation of the cantata. Assisting as orchestra were Geo. Brown Sr. and Gordon Henderson of Lethbridge on the violin and cello respectively, Paul H. Redd on the trumpet and Mrs. Wiggill on the piano. H. Myron Holmes was reader, and soloists were Mrs. Emma Burr, Jos. McLenn and Delbert Oler.

The cantata told a beautiful story of the last years of Nephi's story when wickedness prevailed amongst the people, and because of wars Moroni was left the solitary member of his nation to record the utter destruction of his people and to hide away the records until their time to come forth to testify again to the world. The musical introduction and interludes carried the story from one dramatic sequence to another in a lovely manner, and the fifty minutes passed quickly and were enjoyed by all. Paintings for the setting were painted by Ernest Reithman, local artist, and stage decorations lights and tableaux were organized and looked after by Mesdames Marion Brandley and A. Hudson. Mr. Tolstrup and those assisting are certainly to be commended for the fine presentation.

During the meeting two numbers were rendered by the Relief Society Chorus, two numbers by the Male Quartette of a degree of pride and to assist vocal solo by C. Clawson of the Stirling Ward. Due to the busy season and the ban on those under seventeen attending, the attendance at the meetings was rather small.

## Rotary Committee Suggests Improvement

### TOWN COUNCIL MEETING

Regular meeting of the Town Council was held Monday night last with all members present, Secretary Jones, The Mayor had charge of the meeting.

A delegation from the Magrath Hospital Committee consisting of J. J. Strang, Chairman, W. E. Brown Secretary and J. H. Bridge was present to discuss with the Town the sale of contracts for the indigent hospital cases of the Town. No contracts were signed, but where conditions permitted indigent cases would be taken to Magrath.

Some property on the north side of Town, transferred to the Municipality by the order of the Public Utilities Commissioner, was put back into the Town again. The property affected included the Calgary Power plant and the Ellison Mill property.

The first reading was given a by-law to change the electric rates with the Calgary Power Co for the remainder of the present franchise. This will mean a considerable saving on the gross charges to consumers over the period of a year. This matter will now go to the Utilities Board and if they pass it, the Council will give it the final reading next meeting and it can then become effective on the winter bills.

The payroll was passed and ordered paid.

### BAN ON UNTIL SEPTEMBER 22ND.

Meeting in Edmonton Wednesday, the Provincial Health Board decided to continue the quarantine ban for another week, or until September 22nd. This means that our school opening will be deferred until that date.

Elsewhere in this issue appears a Notice re beginners ages. The age has been advanced to October 15th this year. Any beginner whose birthday occurs on or before that date, will be enrolled in the rooms, until the rooms are filled up. Registrations MUST be made with the principal J. O. Hicken not later than NEXT MONDAY September 15th. Remember this date. Your child must be registered with Mr. Hicken by Monday of next week, September 15th.

### H. F. HODGES SUFFERS STROKE

Mrs. S. B. Card received word Monday night that Horace F. Hodge, who was here on a visit recently, had suffered a stroke on his right side, the Wednesday evening previous.

In the letter Mrs. Hodge stated that Horace had been to the office all day as usual and came home and had supper. After supper he went into the front room to turn the radio on and he couldn't lift his arm to the control knobs. He called to his wife and before she could get him into bed his entire right side was paralyzed.

No further word has been received, but Raymond people who became acquainted with Mr. Hodge during his years here in the factory will be sorry to learn of his misfortune and will be hoping that he speedily recovers from his illness.

The regular meeting of the Rotary Club was held Monday noon in the Sugar Bowl, with a very good attendance present following the summer holidays when the fellows had gotten back to work and the usual routine of the day. Dr. J. L. Kimball of Salt Lake City, who formerly lived here, was at the meeting a guest of J. E. Meeks and expressed his pleasure at again being home to renew acquaintances and shake hands with his friends.

The Community Service Committee had charge of the program and Frank R. Taylor Chairman of this committee introduced a suggestion for the improvement of our business section which we thought, and which the Club thought would greatly enhance the appearance of our main street and be inviting to people who came into the town to shop and also tourists and other travellers.

Speaking of the things that may be out of reach and might have to be abandoned, there was still much that could be done, and this committee suggested a beautification of the street in our two blocks of business buildings. The suggestions included widening the sidewalk on the west side of the street to twelve feet then providing a parking space or boulevarding the street for another 12 feet or so, & then putting in a three foot sidewalk & a curb, keeping the mud and water from the storms and draining the street so that people could get out without getting into water and mud. Then this program would be repeated on the east side of the street and let teams tie up in the lanes at the rear of the business houses, and let trucks, wagons etc., pull into the alleys by the side of our blacksmith shops and garages to make their repairs.

With lawns and trees planted in the space between the street and sidewalk, and with the possibility of getting the electric light and telephone poles moved to the lanes behind the business houses a neat, tidy and inviting street was visualized, and then when this much was completed and our drainage and water works problems solved on this section of the street the street itself could be hard-surfaced and the business section really made an invitation to everyone to stop and shop. The suggestions were received wholeheartedly by the members present, and they were so interested that the committee will be given another program in the near future to follow up their suggestions with some information as to cost, and so on, and also to report the reactions of the Town Council to the proposition. It was felt that with Broadway as it is today, it is an eye sore to the Town and does not represent the spirit of the Town and its people.

### KNIT A SWEATER

The ladies of the local Red Cross would like to have a new sweater to put in every soldiers hamper for Xmas. They have the wool. Have you got the time and the desire to send a sweater to the boys for Xmas? If so, get in touch with the ladies and get your wool NOW.

### THE OPENING GUN

Canada's Ministry of Finance opens a heavy series of speaking engagements throughout the Canadian west next week in a half of War Savings Certificates sales. He will speak at least seven times at public gatherings and will be holding private conferences with several local committees during his tour.

His first address will be given at Saskatoon on September 2, and his other engagements are as follows: Edmonton Sept. 3; Vancouver, Sept. 4, and 5; Victoria Sept. 6; Calgary Sept. 9; Regina, Sept. 10; Winnipeg, September 11 and 12.

Mr. F. I. Ker, General Chairman of the Publisher Finance Committee has directed the following messages to the Fishers and editors with reference to Mr. Hsley's tour.

"Finance Minister J. L. Hsley's speaking tour in the West will be the opening gun for the Fall War Savings Campaign. This trip will enable us to get a good start for a successful campaign if newspapers feature his remarks and his local visits. Mr. Hsley's splendid handling of War finance in general and the War Loan in particular, and his close co-operation with the press merit all the tribute that editors, regardless of politics, can pay him."

(Signed) F. I. Ker

### WARN CHILDREN TRAFFIC DANGERS

When the schools open in this province this month, there will be a great need to observe the principles of safe driving.

Attention to this essential need is drawn by officials of the Alberta Motor Association, who is a pioneer advocate of safe driving.

In the first place, some cooperation on the part of parents is necessary. They should ensure the youngsters, especially those going to school for the first time to stop, look and listen before they do it again. Before crossing the street or highway, they should be sure that a car would not be coming. If the parent had taken a little more time to a child, the dangers of highway crossings upon the child.

Drivers also should exercise every possible care when in the vicinity of schools. Children will be found dashing across the street at play and possibly with a ball or one another. They are unmindful of the dangers that lurk on the highways. Motorists should keep a wary eye out for children when driving near schools.

This also is a time when drivers should see that their car brakes are in good condition. Road surface conditions may not be as safe as during the summer months. In the winter, more emergencies may have to be met. Good, strong brakes prevent accidents.

The bus was stalled here on Monday with radiator trouble. The mail and passengers were taken to Lethbridge.

Work started this week on a new dairy barn, for the Mental Hospital cows. This being built north of the Hospital itself. The date the dairy barn of Len's Brantley which used to be part of the A.C. plant has been used.

### CANADA APPEALS TO THE HOUSEWIFE

Ottawa (Special).—The women of Canada are being afforded an opportunity to estimate their standing in Great Britain, the United States, Australia and New Zealand, by giving worn out and broken utensils and otherwise useless aluminum articles to help the Canadian Red Cross Society. The National War Services Department is launching a Dominion-wide drive for this material needed in the manufacture of airplanes and other war equipment.

Concentration points will be compounds in the parks and school grounds of every town and city. Citizens will be asked to bring material to these compounds. All worn out, broken or useless aluminum articles should be cleared out of each home and brought to the community pile. The National War Services Department points out that useful articles which would have to be replaced, should not be given. Appropriate articles would be leaky pots, pans which burn only in one spot, old shoe trunks, broken shakers, golf clubs that will not be used again, and broken parts of washing machines, and sweepers. The Department asks for all aluminum articles which are not required in home or shop.

The aluminum drive will be conducted on specific dates as follows.

Manitoba, Saskatchewan and Alberta September 26th and 27th.

These dates are arranged to afford proper marketing arrangements. Canada counts on each and every Canadian woman to do her share in the campaign for salvaging useless aluminum ware.

Dr. Madill is in Edmonton this week on medical business. He left Sunday.

### THE CHICAGO TRIBUNE AGAIN

Reprinted from The Ottawa Journal Aug. 22, 1911

The anti-British spleen of Col. Robert McCormick's Chicago Tribune backed up with equal violence by his New York Daily News, is pretty notorious. It is to be doubted whether these two newspapers have ever given a better example of their malleable and genius for distortion than in their comments on the meeting between Mr. Churchill and Mr. Roosevelt.

Said the News: "It appears that Mr. Roosevelt, who suggested the meeting has sold Mr. Churchill on the 'four freedoms'—but with a notable omission. Nothing is said about the freedom of religion. This neglect—is in defiance we take it, to our new ally Joe Stalin. We have small doubt that Mr. Roosevelt envisions a world with himself as President of the whole layout and Mr. Churchill as his Prime Minister."

Said the Chicago Tribune: "Mr. Roosevelt's dangerous ambition always to do what no other President ever did and to be the man who shakes the world led him to meet Mr. Churchill. There he the head of a nation which is not at war, and the head of an Empire which is at war, signed their names—as if both countries not only were fighting side by side but saw their way to victory.—The American people can rest assured that Mr. Churchill was paying little attention to the rehash of the Wilson follies.—What he wanted to know was: 'When are you coming across?'"

How many Canadians realize, as wonder, that this fine example of the editorial technique of Herr Goebbels comes from two newspapers which have their newsprint manufacturing plants in Canada. How many of them know that those manufacturing plants represented Alberta State Presidency by the Ontario Paper Company, a visitor Sunday at the home owned outright by Col. McCormick of his son Lyman.

Cornick) are extended special privileges by this country? That the Ontario Paper Company, which makes the newsprint upon which Col. McCormick vomits his anti-British spleen, is given advantages over every other newsprint plant in Canada?

Prorogating of newsprint, put into effect by the governments of Quebec and Ontario in 1938, was designed to have newsprint mills share proportionately in exports, thus spreading evenly the employment and wages of the industry in the communities which have newsprint manufacturing. For some reason never made clear, certainly never justified convincingly, the Ontario Paper Company, supplying newsprint for Col. McCormick's two newspapers, was exempted from prorogation.

The Journal has never much liked the idea, advanced by some, that the Chicago Tribune should be barred from this country. What The Journal does, think however, is that in the light of the attitude of Col. McCormick and his newspapers it might be a good thing if the proper authorities in Canada re-examine the privileges given to the Ontario Paper Company. Why should we extend advantages to an enemy? Extend them to the possible injury of others of our own people—to Col. McCormick's competitors?

Col. McCormick despite his hate of us, curiously has powerful friends in this country. Last week for example, Premier Mitchell Hepburn of Ontario was the guest on a week-long motor yacht cruise of Mr. Arthur Schmon and a Mr. Martin. Mr. Schmon is Col. McCormick's chief representative in Canada; Mr. Martin his high-powered lawyer in Chicago.

Roy Overn, Calgary Power man at Magrath was a Raymond visitor Monday last.

Elder Z. W. Jacobs of the Alberta State Presidency was by the Ontario Paper Company a visitor Sunday at the home owned outright by Col. McCormick of his son Lyman.

### MEET MOTHER NECESSITY

(Minneapolis Star Journal)

Inventors assembled for a congress in Los Angeles are talking about the nickel-in-the-slot doorbell designed to frustrate callers you don't want to see.

The boys are on the right track. Maybe they'll go a little further and come out with: A telephone bell that disconnects automatically when you get in the bath tub.

A device to quiet the neighbors' radios on summer evenings—and to muffle the Romeo who plays a ukelele for his lady on the porch next door.

## ANNOUNCING A VITAL MEASURE TO HELP CANADA'S WAR EFFORT

# THE DUNLOP WAR SAVING PLAN FOR TIRES

**TO CONSERVE RUBBER**  
**To Aid Our Armed Forces and To Save You Money**  
**By Making Your Tires Last Longer!**

Rubber is vital to Victory... an essential material for all our ARMED FORCES. Their requirements... and the requirements of our War Industries... must come first.

It is the duty of every Canadian motorist to see that they do come first... to conserve rubber by making tires last as long as possible, consistent with safety, during this emergency.

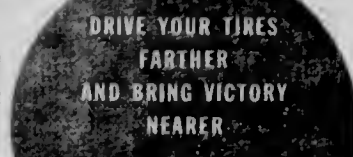

To help Canadian motorists to carry out this patriotic duty... and at the same time save money by making their tires last longer... Dunlop-Canada has initiated this War Saving Plan for Tires. Under this plan Dunlop Dealers throughout Canada place themselves... and all the skill and experience of their organizations... at the service of motorists. Simply by presenting your Service Card at your nearest Dunlop Dealer you will be entitled to preferred service on every tire check-up listed here, at minimum labour cost.

Think what this Dunlop plan means to you: the opportunity to serve Canada in yet another useful way; the chance to save money by getting more mileage than you ever enjoyed before from your tires, the increased driving safety that will be yours by having your tires regularly inspected and maintained in perfect running order.

Drive in today to your nearest Dunlop Dealer. Ask him for your Preferred Service Card and have your first tire check-up under the Dunlop War Saving Plan for Tires.

**A 7-Point Service to Help Canada and Save Money For Motorists**

1 A regular inflation check will be made on all your tires, and your tires, including the spare, will be changed over regularly to balance tread wear, which should increase your tire life about 20%.

- You will be informed about any uneven tread wear that indicates wrong alignment or defective brakes.
- Your tires will be regularly checked for dangerous hidden cuts and bruises. The inside fabric of your tires will also be checked at necessary intervals.
- You will be advised when your non-skid treads are losing their effectiveness.
- Your tubes will be inspected for signs of pinching or chafing.
- The purchase of a new tire will be recommended only when it is absolutely needed for your safety.
- You will be given a Preferred Service Card entitling you to special call on your Dunlop Dealer's time and service facilities. No dealer will issue more cards than he can service efficiently.

## EXPERIMENTAL STATION, LETHBRIDGE

## WEEKLY LETTER

## A CALL FOR MORE EGGS

During the first year of the present war it appeared that there was going to be only a limited demand for agricultural products. However, as the war progressed shortage developed and gradually such products as bacon, cheese, and condensed milk became urgently needed. No the call is for more eggs for Britain and the Canadian producers are asked to step up production of this product at once.

The question that will arise immediately in the minds of most producers is: "What will he get for the eggs once they are produced?" Unfortunately no definite information is available on this point at present though negotiations are under way with the British Ministry of Foods and the price basis should soon be known. We can confidently expect that the price will return a fair remuneration to the producer though there will be no so called "war prices" on eggs shipped to Britain this year.

Canada has promised Britain a large volume of eggs this year, more than would be available under normal conditions. Therefore, the call goes out to all producers to help fill this need and there can be no doubt that the response will be good. What it really amounts to is that the average level of production in Canada should be raised about 20 to 25 eggs per bird per year. This is not an impossible assignment, nor even a difficult one, as the average production for Alberta is estimated to be only 105 eggs per bird and birds properly fed and managed should produce 125 eggs annually without difficulty.

The increase in production must come mainly from the farm flocks as the specialized producers are of relatively little importance in the total volume of egg production. All flock owners, be the flocks

large or small, can aid in this important work by reviewing their feeding and management program and making changes whenever necessary. Information on sound methods of feeding and management is available for the asking from the Experimental Station in Lethbridge, and enquiries will receive careful attention.

More concrete suggestions will be presented in other letters of this series.

## AGRICULTURAL REPORT

Number 9

(Issued by direction of Hon. D. B. MacMillan, Minister of Agriculture)

**GENERAL:** General rains and unsettled weather during the past week have delayed harvesting operations in practically the whole Province. For the first half of the period covered in this report, harvesting was coming along very rapidly, and was much ahead of a year ago. In the southern and south-eastern part of the Province practically all wheat is cut or combined and threshing of the crop is well advanced. Of the coarse grains barley is almost completely harvested while there is considerable of the oat crop to be cut and threshed.

In the central part of the Province and north to the Edmonton district cutting is almost completed varying 60 to 100 p.c. Threshing has begun in most districts and should be general throughout this area during the week.

The Peace River district is somewhat behind the rest of the Province in harvesting due to heavy rains in the past few weeks and snow in some areas the week end of August 30th. About 65 p.c. of the wheat is cut and 80 p.c. of the barley but less of oats. Little or no threshing has been done to date. Heavy frosts have been reported in some areas damaging the standing and stacked grain.

It is too early to make any estimate of the yields but in a general survey made of the Province last week it is indicated that average yields per acre of wheat will be about 30 p.c. lower than last year or between 12 and 15 p.c. below the long time average for the Province. In the southern sections—divisions 1, 2, 4 and 6 yields are expected to be above average while in the northern part—divisions 12, 15 and 16, it is expected an average crop will be harvested. The rest of the Province is below average varying from a fraction to as much as 50 p.c. below.

Similarly with coarse grains the average yield per acre will be lower with above average crops harvested in the extreme southern and in the Peace River districts and below average in the rest of the Province. In division 7 almost a complete failure is indicated.

It is expected that an average crop of Timothy, Sweet Clover, Alsike, Red and Atlaswee Clover Seed will be harvested this year. With the exception of the Peace River district a very poor setting of alfalfa seed has been obtained on the crops of Brome and Crested Wheat grass will be below average.

The recent rains throughout most of the Province have revived pastures. Live stock conditions are satisfactory and it is likely that the better pastures will put them in good shape for the winter season. Many farmers have taken advantage of stubble fields and turned much of their stock on them. Where a good yield of coarse grains is expected increases have been noted in swine and sheep but in Divisions 5, 7 and 10 it is not likely that an increase in numbers will occur. An increased movement of live stock especially hogs is expected during the next few weeks.

Dairy production has held up well above the past year. The seasonal decline is not quite so marked this year as in the past. The higher prices obtained for cream is reflected in the increased interest being shown in dairying by farmers at the present time.

Only 40 p.c. of 1940's output of autos will be permitted in Canada this year according to an order-in-council.

## THANKSGIVING DAY

A proclamation in the Canada Gazette of August 16, 1941, appoints Monday, 13th October 1941 as Thanksgiving Day. In the quaint language of Royal edicts, the proclamation reads, "Whereas it hath pleased Almighty God in His Great Goodness to vouchsafe this year unto Our Dominion of Canada a beautiful crop and other blessings. We therefore considering that these blessings enjoyed by Our people throughout the said Dominion do call for a solemn and public acknowledgment have thought fit, by and with the advice of Our Privy Council for Canada, to appoint, and We do appoint Monday the thirteenth day of October next as a day of general thanksgiving to Almighty God for the beautiful crop and other blessings which Canada has been favoured this year; And We do invite all Our loving subjects throughout Canada to observe the said day as a day of general thanksgiving."

E. L. Egan, fieldman for the Interior Mutual Benefit Association was a Raymond visitor Tuesday of this week.

## Mr. FARMER!

Come in! We will trade you our bread for your flour and you will benefit. Let us tell you how.  
The Home Bakery.

### NEWS NOTES

Cleon Rolfsen was home for a few days from his duty with H.M.S. Navy at Victoria. He returned Thursday afternoon. His trip was for the purpose of attending the funeral services of his father. Cleon looks fine in his blue serge Navy uniform.

At the Stake Conference in Lethbridge Sunday 11, Ostlund for many years councillor in the Stake Presidency resigned because of ill health. Elder O. W. Ursenback was made first councillor and Elder F. C. Russell second councillor in the Presidency there. Chas. O. Asplund was made an alternate high councilman.

Mrs. Sarah Delano Roosevelt, mother of the President of the United States passed away Sunday in the ancestral Roosevelt home on the Hudson river. She was 86 years old and died of causes natural to old age. The President cancelled his speech which was scheduled to be given Monday night.

Dr. and Mrs. J. L. Kimball of Salt Lake City spent the week end renewing acquaintances in Raymond. Dr. Kimball is a Raymond boy, the son of S. Farnham Kimball former bishop of the Raymond First Ward and grew up here until he left for the mission field at the age of twenty. He had a fine time renewing acquaintances of boyhood days. They went from here to Banff, Lake Louise and Jasper.

W. E. Ross of the Calgary Power Co., Lethbridge was a Raymond visitor Monday.

Mrs. S. B. Smith is in hospital in Lethbridge and is doing as well as can be expected.

If you want a buyer for it use a Want ad. If you want to buy something, use a Want ad. They are not governed by hours nor minimum wage laws. The work all the time and really get results. — The Recorder, phone 24 or 30.

Thunder and lightning the middle of September is something for this district. The rain which followed the electric storm Wednesday night made things nice and muddy again. The storm seemed to be quite local and harvesting was in progress in parts of the district Thursday afternoon.

Elizabeth (NC) Daily Advance gives its readers the low down on the war news:

GERMANS NEAR MOSCOW... SOVIET SURGING AHEAD... AND SOMEBODY'S A LIAR

MOTHER GOOSE REVISED

There was a crooked man, and he had a crooked style; He raised a crooked mustache and smiled a crooked smile. His flag a crooked cross, he published crooked facts, And built a crooked Europe with his crooked little pacts. — Frank Lynn New York Herald-Tribune.

## Notice re Beginners

### A MESSAGE TO GIRLS

There is a big demand in business for young women, trained in Secretarial work. Many young office men have entered the army and their places can be filled only by young women or physically unfit young men.

Begin a Secretarial-Clerical Course at once and prepare in this way to do your bit to win the war. The sooner you begin, the sooner you will be ready to earn. Begin a Secretarial-Clerical Course as soon as possible. In this time of crisis it is not too much to ask you to prepare to do your part. Just consider what the women of Britain are doing today and you will enroll with us immediately. School is open all year round.

Our employment department reports a big demand for graduates. Our problem this year is not to find good positions — but to supply trained graduates to fill the demand. Early opportunities await those who qualify.

Office positions offer year-round income, pleasant environment, stimulating associates and a place of respect in the community. And best of all they offer opportunity for advancement and security after the war is over.

## Garbutt Business College

### NEWS NOTES

Henry Shirles is home on furlough from training in Eastern Canada.

Southern Alberta is growing. According to the 1911 census figures, Lethbridge, Cardston and Raymond all show increases in population, Magrath being down 31 since the 1931 census.

Three-quarters of an inch of rain Saturday and Sunday, with a couple of degrees of frost Sunday night cleared the skies, and will it be hoped produce a month of good weather. Little damage was done locally by the frost, but cucumber vines were nipped and some tomato vines. It dried quite rapidly Monday when the sun was shining.
